DIRT ^{NEW} ELIMINATOR

Advanced Technology Cleaner

- OUT PERFORMS S-100
- NO WHITE SPOTS or Harsh Chemicals
- Superior cleaning for all bike surfaces
- Removes grease, ground-in dirt and road grime
- Eliminates hand detailing those hard to reach areas

The advanced formula of detergents and bacterial enzymes give superior cleaning properties that contain no harsh chemicals or corrosive agents. Dirt Eliminator is safe for all surfaces (paint, plastic, vinyl, glass, chrome, aluminum, tires) and is a total bike wash.

- SAVE! Available In Refill Gallon Size.

- No need to run to the stores, with all in one cleaning kit.

Quick One Step Application

SHIELD

UV BLOCKER Protection!

Beautifies all surfaces with only one product. Can be used as a waterless bike cleaner.

- CLEANS - plastic, glass, Plexiglass® mirrors
- POLISHES - chrome, aluminum, stainless steel
- WAXES - paint, vinyl, rubber, finished leather
- PROTECTS - surfaces with UV Blocker

Shield's water repellent carnauba wax formula is non-abrasive so it is safe and effective on the softer clear-coat finishes. Helps protect against damaging oxidation. Shield's anti-static property is ideal for treating vinyl, rubber, plastic and finished leather. Leaves NO oily film to attract dust and dirt. Dries clear in those hard to reach areas around trim and molding. No white powdery residue.

Fork Tube Extension Kit.
Fits Harley Davidson Fork Tubes Only.

Until now, the only option would be to replace the upper fork tubes. This required tearing down the front end, ordering new upper tubes and about 6 hours of labor, costing hundreds of dollars.

With our new fork extensions, installation is easy and cost effective. They are design to increase frame ground clearance with installation taking less than an hour with no tear down, saving you hundreds of dollars.

2 sizes and 2 different lengths:

41mm - 1-1/2" or 2"

39mm - 1-1/2" or 2"

American Aesthetics Fork Extensions gave me the lift I needed, and saved me a bundle. Great service too.
